The Brain Injury Connection, Inc.

Our Mission

- To educate and share information about local / national resources and professional services
- To provide emotional support and social opportunities for our members
- To advocate for individuals with brain injury
- To promote public awareness about brain injury, its prevention, and life after brain injury

Brain injury affects **all** areas of an individual's life - their independence and their physical, emotional, and social functioning.

BIC offers the following:

- A community of survivors, caregivers, and family members
- Educational programs (physical / mental wellness, vocational) and socialization
- Opportunities for volunteering, community outings, and collaboration with other groups
- Support to better understand the impacts of brain injury on the individual and the family and to encourage coping with these major life changes
